Overall Length:

3.870 inches

Overall Width:

1.070 inches

Current Type:

Dc

Mounting Device Quantity:

2

Actuation Method:

Pressure sensing element

End Application:

Hydraulic power unit; p/n 42026 onboard wagb 420 ft u.S. Coast guard vessels

Voltage Rating:

24.0 volts output

Measurement Range:

-4.0/+248.0 degrees fahrenheit

Special Features:

4 to 20 ma output; cable style transducer; electrical connection 36 ins shielded 2 conductor cable

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T179-e
