General Description:

Class 2 laser; 200 to 1800 degrees c temperature range; 1.6 microns spectral response; 0.10 - 1.0 digitally adjustable emissivity; powered by 4 aa alkaline or rechargeable batteries or 6-9 v, 200 ma dc power supply; for use with measuring temperatures of unaccessible objects

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
