Thread Length:

0.380 inches

Overall Length:

2.230 inches

Outside Diameter:

0.440 inches

Operating Temperature Range:

+100.0/+280.0 degrees fahrenheit

Unit Type:

Calibrated electric lamp

Distance Across Wrenching Surface Flats:

0.625 inches

Accommodated Contact Type And Quantity:

1 female insert

Special Features:

5/8 in hex size; 1/8 in pt

Material:

Steel

Style Designator:

Transmitter, 24v dc

Terminal Type And Quantity:

1 binding screw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A27600
