Current Type:

Dc

Mounting Device Quantity:

4

Actuation Method:

Diaphragm

Voltage Rating:

8.0 volts output

Mounting Method:

Screw

Measurement Range:

-40.0/+85.0 degrees celsius

Special Features:

Media compatibility limited only to those non-caustic media which will not attack die-cast aluminum, silica borosilicate glass, or buna-n seal; pressure port 1/8-27 npt male

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T179-e
