Operating Temperature Range:

+0.0/+55.0 degrees celsius

End Application:

Plc, avenger class mcm

Accommodated Contact Type And Quantity:

12 pin

Product Name:

Slim pak thermocouple input, field configurable isolator

Special Features:

Eliminates ground loops with 1800 vdc input-to-output isolation; high density din rail mount; 17.7 mm housing; input ranges configured for over 60 different thermocouple temp ranges; five field configurable output ranges: 0-5v, 0-10v, 0-1ma, 0-20 ma, and 4-20ma; led indication, power range: 9-30 vdc

Terminal Type And Quantity:

4 screw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27600
