Current Type:

Dc

Mounting Device Quantity:

1

Actuation Method:

Diaphragm

Voltage Rating:

45.0 volts input

Measurement Range:

+5.0/+200.0 inches of water pressure

Special Features:

A1/2 inch npt electrical connection; 1/4-18npt process connection; 4.5 inch digital 5 character alphanumeric lcd indicator; process fluid: liquid, gas or vapor; failure alarm; surface mounting

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T179-e
