Bolt Circle Diameter:

0.250 inches

End Application:

Flush capping system mixer

Scale Range:

+0.0/+5000.0 pounds pressure per square inch

Dial Size:

2-1/2 inch

Scale Type:

Dial

Mounting Method:

Threaded male connection

Mounting Connection Location:

Bottom

Special Features:

General service steel case gauge, grade b 2 1/2 inch dial, 1/4 inch npt bottom, dual scale

Fsc Application Data:

Pneumatic system

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T179-b
