Overall Length:

5.000 inches

Overall Width:

2.950 inches

Current Type:

Dc

Mounting Device Quantity:

2

Actuation Method:

Pressure bellows

End Application:

060-0882

Voltage Rating:

24.0 volts input

Measurement Range:

+0.0/+0.5 pounds pressure per square inch

Special Features:

Electrical termination bendix ptih-10-6p or equivalent mating connector pt06a-10-6p

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T179-e
