Overall Length:

3.310 inches

Overall Width:

1.500 inches

Current Type:

Dc

Mounting Device Quantity:

1

Actuation Method:

Pressure bellows

Voltage Rating:

24.0 volts input

Measurement Range:

+0.0/+25.0 pounds pressure per square inch

Special Features:

Pressure port 1/4-18 npt male with .75in hex; electrical connector bendix ptih-10-6p or equivalent mating connector pt06a-10-6s

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T179-e
