Overall Height:

6.562 inches

Overall Width:

2.812 inches

Overall Diameter:

0.906 inches

Carrying Case Material:

Aluminum

Mounting Method:

Portable metal case

Scale Accuracy:

0.5 pct of full scale

Special Features:

Shandheld digital manometer measures postive, negative or differential pressure of air and other non-corrosive, non-toxic gases; range 0-199.9 in. W. C.; max. Range 11psig/75kpa; 9 volt battery with 100 hrs; 0.5 in. Lcd display

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T179-a
