Fluid Pressure Dampener - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6685-01-491-9866

(	Overall Length:
,	1.850 inches
(	Overall Width:
(	0.688 inches
•	Thread Size:
(	0.4375-20
l	End Application:
I	Liquid oxygen-nitrogen plant
;	Screw Thread Series Designator:
I	Unc
•	Thread Location:
I	External and internal
I	Fluid Type For Which Designed:
(	Gas
•	Threaded Direct Pressure Connection:
	Provided
•	Tube Connection Type:
I	Flareless
(	Gage End Connection Type:
l	Female and male
ļ	Removable Piston:
I	Not provided
;	Special Features:
;	Special cleaning and packaging requirements
I	Material:
ļ	Steel, stainless
ļ	Material:
ļ	Stainless steel
	Shelf Life:
	N/a
I	Unit Of Measure:
	-
	Demilitarization:
	No
I	Fiig:
•	T179-n
