Overall Length:

7.300 inches

Overall Height:

9.300 inches

Overall Width:

4.300 inches

Ac Voltage Rating:

Between 115.0 volts and 230.0 volts

Frequency Rating:

Between 50.0 hertz and 60.0 hertz

Calibration Type:

Deg celsius

Instrument Calibration Range:

50 to 650 degrees c

Calibration Accuracy Rating:

0.5 to 400 degrees c

Special Features:

Ncooling, 25 mins from 650 degrees c to 100 degrees c; 7 mins stabilization time; 4.875 in immersion depth; rs-232 computer interface;

1000 watt; 3 removable well inserts; nist traceable calibration; front panel adjustable

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T263-b
