Body Length:

1.900 inches

Operating Temperature Range:

-452.0/+500.0 degrees fahrenheit

Socketlength:

2.030 inches

Unit Type:

Bimetallic

Bulb Tip Length:

1.500 inches

Accommodated Contact Type And Quantity:

1 threaded stud

Special Features:

100 ohm; cage length 2.2 in; 6 in lead length; stainless steel lead covering

Material:

Stainless steel

Style Designator:

Integrally-mounted element

Terminal Type And Quantity:

2 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27600
