**Product Name:**

Differential pressure indicator

**Special Features:**

Actuation pressure: 70+ or -10psid; low temperature lock-out, permits actuation above 100deg f and prevents actuation below 70 degrees f; red buttons extend 3/16 when actuated; approx. 3" in length and approx. 1" in diameter; nha is pn ae-b308-16-filter assembly-hydraulic, engine driven pump

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A533y0
