Operating Temperature Range:

+0.0/+240.0 degrees fahrenheit

End Application:

Approved aer

Unit Type:

Dial indicating

Special Features:

18.9 to 42v dc; 1/2 inch npt female electric connection; digital indicator with bargraph; 2inch stainless steel pipe mount bracket

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27600
