Operating Temperature Range:

+0.0/+240.0 degrees fahrenheit

End Application:

Aer 14/01

Unit Type:

Dial indicating

Special Features:

18.9 to 42v dc; 1/2inch npt female electric connection; digital indicator with bargraph; 2 inch stainless steel pipe mount bracket; unit programmed for ni120 rtd input

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A27600
