End Application:

Flanged immersion heater, propulsion lube oil

Mounting Location:

Inside meter case

Special Features:

Operating temp range 700 degrees f; 22 gauge awg wire size; dimensions 81 inches including leadwires; 1/8 inch npt 316 stainless steel fitting

Material:

Stainless steel

Terminal Type And Quantity:

2 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A27600
