Major Components:

Sensor interface 1; sensors 4, mx54 asyn ii dmm 1

Component Quantity:

6

Product Name:

Environmental kit

Special Features:

Ymodular in design; features mx54 asyn ii dmm, interchangeable sensor interface and sensors for measuring air temperature, relative humidity, light intensity and wind speed; sensors and leads fit snugly in lightweight hard shell case

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T01200
