Mounting Method:

Flange

End Application:

John deere model 4045 / 6068 engine

Largest Outside Diameter:

2.126 inches

Usage Design:

Controls engine coolant temperature

Thermostat Type:

Thermistor actuated

Opening Temperature Rating:

183.2 degrees fahrenheit

Spring Operated Pressure Relief:

Not provided

Distance Across Flats:

2.126 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T121-c
