Overall Length:

72.025 inches

Operating Temperature Range:

-50.0/+260.0 degrees celsius

End Application:

Bearing assembly, thrust

Accommodated Wire Awg Size:

24

Product Name:

Inavy)temperature element

Material:

Plastic polyamide individual wire insulation

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27600
