Thermograph - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6685-01-514-5360

Measurement Type:
Digital
Measurement Range:
-30.0/+900.0 degrees celsius
Special Features:
Non-contact temperature measurement; uses a 16-point laser spot; tripod mount or hand-held; uses 2 aa batteries and a 110 or 220 volt a
adapter; 60: 1 min. Measurement diameter; 100 points data logging; lcd backlit; includes carrying case; thermocouple probe; data temp
mx soft ware
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A27600
