Mounting Method:

Flange

Flow Control Device:

Any acceptable

End Application:

Deep fat fryer; model usn-50

Usage Design:

Hi-limit shunt trip

Thermostat Type:

Bulb

Opening Temperature Rating:

425.0 degrees fahrenheit

Operating Temperature Rating:

550.0 degrees fahrenheit

Spring Operated Pressure Relief:

Not provided

Special Features:

Housing box measusers 1.50 x 1.84 x 1.94 inches w/flanges for support, refer to drawing for more details

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T121-c
