Measurement Type:

Digital

Display Type:

Liquid crystal

Display Digit Quantity:

4

Switch Type And Quantity:

12 push button

Product Name:

Thermocouple, thermometer

Environmental Attribute Code:

Non-mercury alternative - medical products - thermometers

Special Features:

Ranges; j -328 to 1832 degrees f (-200 to 1000 degrees c), t -418 to 752 degrees f (-250 to 400 degrees c), e -418 to 1832 degrees f (-250 to 1000 degrees c), k -418 to 2501 degrees f (-250 to 1372 degrees c)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27600
