Thread Length:

0.880 inches

Overall Length:

3.500 inches

Outside Diameter:

Between 0.375 inches and 0.380 inches

Operating Temperature Range:

-70.0/+250.0 degrees celsius

End Application:

Icas system

Special Features:

Resistance thermometer probe type

Material:

Nickel and platinum

Precious Material:

Platinum

Style Designator:

Transmitter, 24v dc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27600
