Overall Length:

3.750 inches

Overall Width:

1.125 inches

Current Type:

Dc

Overall Diameter:

1.000 inches

End Application:

Thunder scientific model 2500 humidity chamber

Voltage Rating:

5.0 volts output

Mechanical Connection Quantity:

1

Mechanical Connection Size:

430

Product Name:

150 psia pressure transducer

Special Features:

6 pin connection; connector part number ptih-10-6p mating connector pt06a-10-6s (sr) ; 9 to 28 vdc supply; accuracy 0.1 percent; temp comp. 40 to 140 degrees; temp error 0.5 percent teb; no prepack box required, and ship using only bubble wrap; 150 psia; pressure port 9/16-18 unf female; mfg sensotech p/n 060-f023-02

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T179-e
