Overall Length:

6.700 inches

Overall Height:

0.800 inches

Overall Width:

1.800 inches

Handle Type:

Solid

Operating Temperature Range:

+0.0/+60.0 degrees celsius

End Application:

7591942- (53711) maint test equip cabiner, smse

Calibration Accuracy Rating:

Temperature +/-0.8 degrees celsius and +/-3% rh humidity

Sling Handle:

Included

Special Features:

Dew point and wet bulb readings; selectable c and f readout; auto power off; dual lcd display with bargraph indication; temperature and relative humidity readings; battery life: 200hrs; 1.5v

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T134-k
