Overall Width:

2.000 inches

Overall Length:

3.500 inches

Features Provided:

Portable

Overall Height:

0.620 inches

Special Features:

Temperature monitor; multi-use, has a primary internal temperature sensor and a secondary external temperature sensor in the form of a probe; able to place a probe into a liquid or insulated package to capture the core temperature while also monitoring the external ambient temperature; ambient, red/green led alarm; operating range negative 22 degrees f to plus 185 deg. F; lightweight (1.5oz.); memory size: 2000 or 16000 data points; use temptale manager software for custom graphing and data analysis to facilitate continuous process improvement in the cold chain

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
