AeroBase Group

Measurement Type:

Digital

Display Type:

Liquid crystal

Measurement Range:

-20.0/+500.0 degrees celsius

Product Name:

Infrared thermometer

Environmental Attribute Code:

Non-mercury alternative - medical products - thermometers

Special Features:

Optical resolution - 12: 1 at focus point; response time - 500ms, 95 percent presponse; backlit display; auto power off for longer battery life

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27600
