Unpackaged Unit Length:

290.000 millimeters

Usage Design:

Outdoor temp/humidity sensor/transmitter

Approximate Shelf Life:

12.0 months

Product Name:

Sensor probe

Special Features:

Combined humidity and temperature probe primarily outdoor use, range temperature n40/p60c rh0/100 %, standard 3m pur cable with tinned ends, weight 210 g/0.47lbs, spare for rsaiia ics ecps wr209er215-2, consist of hygroclip s3 features rotronic hygrometer c94 1, temp sensor rtd pt100 1/3 din

Relationship To Similar Equipment:

Replaced pn rm124-sc-c

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23800
