End Application:

Ac130u

Product Name:

Detector, cooling effect

Special Features:

Same as 1004311-1 except letter marking of rsp for -2, asc for -1; fully assembled unit w/ conductive connector dust cover installed soes not require special handling for esd, however it contains parts and assemblies that are sensitive to electrostatic discharge

Material:

Aluminum alloy 6061

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27600
