**End Application:**

Pmel

**Accessory Components And Quantity:**

Self-purging liquid trap, rpm4, case, rack mount kit, dual vol unit, remote foot switch, vacuum pump package, cable, motorola 68302, 16mhz, range 0-300 psi

**Usage Design:**

Supply & monitor a calibrated non-corrosive gas supply to verify instrument operations

**Scale Calibration Method:**

Master gage comparison

**Criticality Code Justification:**

Alcd

**Product Name:**

Secondary standard

**Special Features:**

Pressure controller/calibration, infinite ranging allow testing variety absolute, gauge, compound gauge, control/mechanical measure, add accuracy reference pressure transducers q-rpt, power 85/264vac, 50/60hz, 30va max, operating emp 15/35 degrees c, cart or rack mounted, delivered pressure uncertainty p/m0.009%

**Relationship To Similar Equipment:**

UPGR-AD-EOF-PPC2

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T179-x
