Operating Temperature Range:

-50.0/+900.0 degrees celsius

Measurement Type:

Digital

Product Name:

True dimension laser sighting

Special Features:

Coaxial laser sighting system; 635nm, 3 point laser sighting; 30 pre set common material emissivity values; adjustable in increments of 0.01; stores up to 100 temperature readings; 250msec response time; 0 to 50degrees centigrade ambient operating temperature; minus 20 to plus 50 degrees centigrade storage temperature; 2aa batteries; 3 point laser sighting 100 points data logging; rs232 or 1mv per degree data output; hard carrying case; 480.0 grams

Type/model Designation:

Mx4+td

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27600
