Overall Length:

4.970 inches

Overall Height:

1.000 inches

Overall Width:

1.890 inches

Current Type:

Ac

Frequency Rating:

Between 50.0 hertz and 400.0 hertz

Operating Temperature Range:

+32.0/+4208.0 degrees fahrenheit

End Application:

Improved landmine detection system remote vehicle

Voltage Rating:

Between 90.0 volts and 240.0 volts

Product Name:

Temperature, process metter, and pid controllers

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A514m0
