Overall Length:

4.500 inches

Operating Temperature Range:

-40.000/+500.000 degrees fahrenheit

End Application:

F-22 aircraft

Unit Type:

Protective tube

Product Name:

Thermocouple probe

Special Features:

60 degrees probe, male flat-pin (mini connectors, 4 ft pvc cable, 4 sec response time, max cable temp 176 degrees f

Functional Description:

Measure surface temperature

Material:

Stainless steel

Relationship To Similar Equipment:

Same as 3861k63

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27600
