Overall Length:
4.500 inches
Operating Tempurature Range:
-40.000/+500.000 degrees fahrenheit
End Application:
F-22 aircraft
Unit Type:
Protective tube
Product Name:
Thermocouple probe
Special Features:
60 degrees probe, male flat-pin (mini connectors, 4 ft pvc cable, 4 sec response time, max cable temp 176 degrees f
Functional Description:
Measure surface temperature
Material:
Stainless steel
Relationship To Similar Equipment:
Same as 3861k63
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A27600
