Case Material:

Plastic, acrylonitrile-butadiene-styrene

End Application:

F-22 raptor

Adjustability:

Adjustable

Scale Range:

+0.0/+60.0 inches of water

Scale Name:

Inches of water

Dial Size:

4.5 in.

Scale Accuracy:

1 percent of span

Connection Location:

Bottom

Protective Crystal Material:

Plastic, acrylic

Connection Size:

1/2 nptm

Product Name:

Gage, pressure, dial

Special Features:

Oxygen clean; nist traceable certificate of conformance; burst pressure 500 pct. Of full scale; ambient temp -65to +190 deg. F; stanard size changeable filter

Reference Data And Literature:

Mfg.Web page

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T179-b
