End Application:

F-22 raptor

Adjustability:

Adjustable

Scale Range:

+0.0/+5000.0 pressure

Dial Size:

2.5 in

Pointer Type:

Indicating

Scale Type:

Dial

Scale Accuracy:

1% full scale at midscale

Product Name:

Direct drive gauge

Special Features:

Front flange process gauge, black case, rear fitting, direct drive sensing element calibration certificate, acrylic lens

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T179-b
