End Application:

F-22 raptor

Adjustability:

Adjustable

Scale Range:

+0.0/+500.0 pounds per square inch

Dial Size:

2.5 in.

Connection Quantity:

1

Scale Accuracy:

0.25 pct. Full scale

Connection Location:

Bottom

Connection Size:

1/4 npt

Product Name:

Gage, pressure, dial

Special Features:

Knife edged, precision reading pointer; calibration certification included; front flange; black case

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T179-b
