Body Length:

4.000 inches

End Application:

Icas system, cvn-72

Unit Type:

Protective tube

Special Features:

Max temp: 200 degrees celsius; cast iron head w/ screw cover terminal; 3 wire configuration; tube outside diameter: 1/4 inch

Material:

Steel comp 316 protective tube

Style Designator:

Integrally-mounted element

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27600
