**End Application:**

Ses support cart

**Scale Range:**

+0.0/+6000.0 pressure

**Pointer Type:**

Indicating

**Scale Type:**

Dial

**Scale Name For Which Pointer Is Designed:**

Pounds pressure

**Product Name:**

Gage, pressure, dial

**Special Features:**

Rubber hose from gage to connection on ses cart

**Functional Description:**

Monitor air pressure measuring accuracy of ses cart

**Material:**

Metal

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T179-b
