End Application:

Ses support cart

Scale Range:

+0.0/+6000.0 pressure

Pointer Type:

Indicating

Scale Type:

Dial

Scale Name For Which Pointer Is Designed:

Pounds pressure

Product Name:

Gage, pressure, dial

Special Features:

Rubber hose from gage to connection on ses cart

Functional Description:

Monitor air pressure measuring accuracy of ses cart

Material:

Metal

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T179-b
