End Application:
Misc parts shipe control system lcs0001
Mounting Facility Screw Thread Series Designator:
Npt
Stem Length:
6.000 inches
Dial Diameter:
3.000 inches
Scale Type:
Dial
External Thread Size:
0.50in
Mounting Facility Type And Quantity:
1 external pipe connection
Special Features:
Measurement range: -20 to 120degrees celsius, 0 to 250degrees fahrenheit
Material:
Stainless steel meter case
Style Designator:
Adjustable angle
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A27600
