Overall Length:

3.000 inches

End Application:

Misc parts ship control system lcs0001

Stem Length:

6.000 inches

Dial Diameter:

3.000 inches

Scale Type:

Dial

External Thread Size:

0.50in

Mounting Facility Type And Quantity:

1 external pipe connection

Special Features:

Measurement range: -20 to 120degrees celsius, 0 to 250degrees fahrenheit

Material:

Stainless steel meter case

Style Designator:

Adjustable angle

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27600
