Overall Length:

120.000 inches

Overall Diameter:

0.30 millimeters

Overall Height:

19.0 millimeters

Special Features:

T type thermocouple, stripped ends; lg, 3 meters; polytetrafluoroethylene coated wire

Functional Description:

Spool caddy; self-adhesive backing; rated to 175 degrees c, max, & m 60 degrees c min. Continuous

Material:

Plastic polyamide

Surface Treatment:

Plastic epoxy

Type/model Designation:

Sa1 surface thermocouple

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A27600
