## NSN 6685-01-542-7999

Heating Element Thermocouple - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6685-01-542-7999

Overall Length:
120.000 inches
Overall Diameter:
0.30 millimeters
Overall Height:
19.0 millimeters
Special Features:
T type thermocouple, stripped ends; Ig, 3 meters; polytetrafluoroethylene coated wire
Functional Description:
Spool caddy; self-adhesive backing; rated to 175 degrees c, max, & m 60 degrees c min. Continuous
Material:
Plastic polyamide
Surface Treatment:
Plastic epoxy
Type/model Designation:
Sa1 surface thermocouple
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A27600
