**Overall Length:**

120.000 inches

**Overall Diameter:**

0.30 millimeters

**Overall Height:**

19.0 millimeters

**Special Features:**

T type thermocouple, stripped ends; lg, 3 meters; polytetrafluoroethylene coated wire

**Functional Description:**

Spool caddy; self-adhesive backing; rated to 175 degrees c, max, & m 60 degrees c min. Continuous

**Material:**

Plastic polyamide

**Surface Treatment:**

Plastic epoxy

**Type/model Designation:**

Sa1 surface thermocouple

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A27600
