**Graduation Unit:**

200.0 pounds per square inch

**Actuation Type:**

Pressure sensing element

**Scale Range:**

+0.0/+2000.0 pounds per square inch

**Dial Size:**

4-1.2 in

**Pointer Color:**

Black

**Pointer Type:**

Indicating

**Power Source:**

External

**Actuating Element Material:**

Steel, stainless

**Scale Inscription/background Color:**

White background, black numbers

**Connection Location:**

Back

**Special Features:**

Fights vibration and pulsations without liquid fill headaches

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T179-b
