Graduation Unit:

200.0 pounds per square inch

Actuation Type:

Pressure sensing element

Scale Range:

+0.0/+2000.0 pounds per square inch

Dial Size:

4-1.2 in

Pointer Color:

Black

Pointer Type:

Indicating

Power Source:

External

Actuating Element Material:

Steel, stainless

Scale Inscription/background Color:

White background, black numbers

Connection Location:

Back

Special Features:

Fights vibration and pulsations without liquid fill headaches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T179-b
