Overall Length:

8.150 inches

Overall Height:

3.850 inches

Overall Width:

6.140 inches

Scale Range:

+0.0 to 40000.0 pressure

Mounting Method:

Panel

Scale Accuracy:

0.008% full scale accuracy

Product Name:

High accuracy pressure standard

Environmental Attribute Code:

Barometers & hygrometers - consumer products - non-mercury alternative

Special Features:

Two-line display with menu selectable functions, 110 volts or 220 volts ac adapter power. Multiple remote display, 20 hours battery operation
4 aa size; pressure range 0-30 psia; 0-0.21 mpa

Supplementary Features:

Operating temperature range: 0 degrees c to +40 degrees c; overpressure: 1.2 times full scale; typical current consumption is 72ma;
power requirements +6 to +25 vdc; weight is 4.0 lbs; fully self-contained in a ce marked compact case

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T179-a
