Presentation Type:

Window

Scale Range:

+0.0/+30.0 pounds per square inch single indicator single scale

Pointer Purpose:

Indicate differential pressure

Case Material:

Aluminum

Special Features:

Manufacturers name is direct reading differential pressure gauge, peak hold feature locks the piston to indicate the pressure, knob releases piston to return to zero, has push button test valve for calibration testing, this indicator contains low pressure seals.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
